MILWAUKEE, Wis., June 9.—(Special.)—At 11:40 this morning the capitulation of the Taft republican convention in session at the Auditorium in Milwaukee to W. D. Connor, the wily politician from Marshfield, was made complete. Emanuel Philipp, Milwaukee, who was the prime mover in calling the convention, and who is known to have been out of sympathy with Mr. Connor, rose and moved that the selection of Mr. Connor for the position of chairman of the state central committee be made unanimous. The announcement was received with cheers and applause.

"The selection of a chairman for your state central committee," said Mr. Philipp, "should be made wholly with reference to the ability which

WHY DID SHERMAN CHANGE?

Smiles are caused by recollection of the fact that Vice-President Sherman, now here to help along the anti-La Follette propaganda, only a few years ago strongly endorsed Senator La Follette.

"Faithful, zealous and of the strictest integrity," were the words used by Mr. Sherman, then a New York congressman, in lauding Mr. La Follette as a candidate for governor in 1900.

Congressman Sherman came to Wisconsin in October, 1900, to speak for Joseph W. Babcock, who was running for reelection to congress in the Third district.

According to the Milwaukee Sentinel of Oct. 28, 1900, Sherman, in addressing over 1,000 people at Plattville the night before, "opened his speech by paying a deserved tribute to R. M. La Follette, praising his fidelity, his zeal and his integrity in any public trust with which he has been honored."

the man has to create for you a successful organization. Now, we have different ideas about men. However, those of us who have had experience in managing campaigns know how absolutely important it is to have a man who has ability. I know there is such a feeling in this body. I say this because I have been approached by men that I thought to be chairman of that committee. The work of the campaign is going to be

extensive. There are various branches. I will be glad to serve you in that capacity in which I think I am best adapted to serve you, I cannot feel that I am the right man for the chairmanship of this important committee. I suggest to you the name of W. D. Connor, Marshfield, and I move you, Mr. Chairman, that Mr. Connor be the nominee of this convention for the office of state chairman."

Taft Resolutions

The following resolutions were adopted:

"We commend the administration of William H. Taft. We admire his character. We recognize his ability as a statesman, and we applaud his stability to pledges contained in the party platform and to the principles of good government."

"We endorse the administration of Governor James O. Davidson and

RAIN SPOILS BIG WOODMAN PICNIC

Scheduled Program Is Not Carried Out Owing to the Inclemency of the Weather

Rain interfered with the big picnic planned by the Western Wisconsin Woodmen Picnic association at Pettibone park today and while hundreds of strangers came to the city, the program as originally arranged, was not carried out to the letter, but nevertheless the parade took place in a downpour of rain and a number of local members of the order marched afoot. It is to be regretted that the rain should have come on the day set for this annual event and that all the preliminary arrangements made by the local committee should have been in vain, but the weather conditions are simply a game of chance and the committee looked at it in that light.

Early this morning visitors began to arrive in the city, some driving in by team, while others boarded the early morning trains from the surrounding towns. The threatening skies kept hundreds away, who had planned to attend.

While the rain fell Kreutz's band paraded the downtown streets, playing selections on the street corners and at the appointed hour the parade formed at the court house square. The marshal of the day was Col. Orlando Holway and his assistants were John E. Langdon, D. S. McArthur and E. H. Derr. The outside bands which were to have participated in the parade did not come, owing to the weather.

As a result of the conditions the parade went over the line of march as best it could and beginning at the court house park went west on State to Front, south on Front to Main, east on Main to Seventh, north on Seventh to State, west on State to Fourth, south on Fourth to Pearl, west on Pearl to Front, south on Front to the bridge and thence to Pettibone park.

The parade was headed by a platoon of police. Then came Kreutz's band, followed by the forester teams and Woodmen and speakers in carriages. Visitors in automobiles followed.

Notwithstanding the weather a large number of visitors and others crossed the bridge and went to Pettibone park, where lunch baskets were opened and the picnickers had their dinner under umbrellas.

Speakers Start For Park

This afternoon's program was not carried out as planned, the rain continuing through the noon hour. It had been originally planned to have the drills of forester teams and Royal Neighbor drill teams immediately after the parade arrived at the park, but after reaching the grounds many returned to the city in automobiles and carriages.

At 2:30 o'clock this afternoon Leonard Kleeber, president of the local committee, announced that the program would probably be carried on and the speakers were taken to the park in automobiles. At the time the rain had ceased.

Among those present were A. R. Talbot head consul of the Modern Woodmen of America of Lincoln, Neb.; A. N. Bort, head director of Beloit, Wis., and Mrs. Eva Childs of Hanover, Wis., member of the board of managers of the Royal Neighbors.

During the afternoon a small crowd was present at the park, the grass being wet and the announcement having gone the rounds that the exercises had been called off. As a result many of the visitors spent the afternoon at the local stores.

Big Crowd Expected

"It is too bad to spoil the picnic," said State Deputy B. F. Keeler. "We had promises of a large crowd and had the weather been favorable many visitors from the surrounding towns would have attended. The early morning shower is what kept people away. This is the second time La Crosse has undertaken to entertain the Woodmen's picnic, the last time about ten years ago, when it rained all day. These events are usually largely attended and only yesterday there was an immense crowd at Kenosha at a Woodmen picnic. Mr. Talbot was present. He says it was a great success."

FATAL WRECK OF FAST MAIL TRAIN

Three Killed Outright and Three Fatally Injured in Accident Near St. Louis

ST. LOUIS, Mo., June 9.—Three persons were killed and five injured, three fatally, early today when Iron Mountain train No. 7, known as the fast mail, running between St. Louis and Texarkana, Ark., was derailed and ditched on the outskirts of St. Louis.

The engine and four cars went in the ditch when the engine was derailed by some unknown cause on a double curve. But one passenger was injured.

The dead are: Walter E. Douglas, engineer. Robert B. Sheppard, fireman. Jasper E. Lester, mail clerk. Fatally injured: Dok F. Wiggins, mail clerk. Thos. A. Coogan, brakeman. Robert Findley, negro tramp.

The others injured were also members of the crew, the train being made up entirely of mail cars.

Train Hits Carriage

HAVERSTRAW, N. Y., June 9.—Four persons were killed and one woman probably fatally injured when a fast train on the west shore railroad smashed a carriage at a grade crossing here today.

KILLED GIRL HE LOVED, AND SELF

CHICAGO, June 9.—A murder and suicide with love as the motive was revealed today by the discovery of the body of Frank L. Campbell about 500 feet from the lonely spot where Miss Lena Hansen was found slain last night.

Miss Hansen, 29, was an employee of the factory of the Corn Products company at Argo, a suburb, where Campbell was a foreman. He had been devoted to Miss Hansen. She discovered that he was married and told him that his attentions must cease. Campbell, the police say, followed Miss Hansen when she left her work last night, and when she again rejected his attentions, shot her dead. Then he sought a secluded spot nearby and killed himself.

RIVERS AND HARBORS BILL IS ACCEPTED

WASHINGTON, D. C., June 9.—The senate this afternoon by a vote of 45 to 12 agreed to the conference report on the rivers and harbors bill.

The only republicans who voted against the report were Beveridge of Indiana, Warner of Missouri and Burton of Ohio.

IDENTITY OF WOMAN ON PULLMAN KNOWN

BALTIMORE, Md., June 9.—Ruble Ramsden, of Minneapolis, Minn., was today notified by wire to come here and take charge of his wife, Mrs. Susie Ramsden, who is paralyzed in a local hospital. Mrs. Ramsden was found unconscious in a Pullman car. Mrs. Ramsden's identity was finally ascertained by trinkets.

MAYOR'S OFFICE HOSPITAL WARD

INDIANAPOLIS, Ind., June 9.—The mayor's office of the city of San Francisco is removed temporarily and is being conducted from a ward in St. Vincent's hospital, Indianapolis, where Mayor Patrick H. McCarthy of the coast city is recovering from injuries received in an automobile accident ten days ago.

NARROW ESCAPE FOR CITY HALL

Fire in Kitchen Chimney Spreads to the Attic, Endangering the Building

The city hall had a narrow escape from being destroyed by fire yesterday when the chimney, leading from the kitchen caught afire and the flames were communicated to the attic. Several firemen were called, without turning in an alarm and the flames were extinguished. The damage was slight. Had the fire occurred during the night without being discovered the building would have caught afire.

HORSE, AUTO AND AIR RACE PLANNED

MINNEAPOLIS, Minn., June 9.—Promoters of the Twin City aviation meet at the state fair grounds on June 22 to 25 will meet today to decide upon an event in the program which is decidedly spectacular and novel.

It is a proposition to have Minor Heir, the fastest harness horse in the world, Glenn H. Curtiss, who holds the world's record for speed as an aviator, and Barney Oldfield, holder of the world's record for automobile speed, compete in a single race. The horse is to encircle the half mile track twice while the automobile will do two miles on the mile track, the aeroplane making the circle of two miles. This, it is thought, will furnish a fair competition.

This will be the first time in history in which speed competition between the swiftest methods of locomotion have been put to an actual test.

DIES AT MOUTH OF MT. VESUVIUS

ROME, June 9.—Mount Vesuvius showed increased activity today, due to the recent seismic disturbance. The volcano is now so threatening that tourists are not approaching the crater.

The death yesterday near the crater of Julius Silon, a tourist from San Francisco, is attributed as much to his over-exertion and consequent weak heart as to the fumes from the volcano. Silon walked half way to the mount, then he hired his guides to push him in a wheelbarrow to within 100 yards of the crater. Here the guides refused to go farther, but Silon kept on for another 50 yards, when he fell exhausted and died within a few minutes.

CONSTANTINOPLE, June 9.—A registration of all Greeks living in Turkey was begun today by the Turkish authorities preparatory, it is said, to their expulsion.

MEDICS CHEER NAUGHTY DANCER

ST. LOUIS, Mo., June 9.—Tongues were a-wagging today over the "clinic" held by the members of the American Medical Association at a stag banquet last night when scientific curiosity regarding the human form is said to have gotten the better of the physicians when a "bare foot" dancer performed.

A local paper says that the dancer removed enough clothing during the dance so that her feet were not lonesome, much to the delight of the physicians who applauded wildly.

WATER EXPERTS COMING MONDAY

Investigation with Reference to Water Conditions Here to Be Started

Mayor Sorensen has received information from Goodwin & Harper, the firm employed to make an investigation regarding the water conditions in La Crosse, that an expert would arrive in the city next Monday to begin a thorough investigation of the water.

In compliance with the request of the board of trade and the La Crosse Manufacturers & Jobbers' club the city employed an expert to ascertain what kind of a water system is best adapted to the needs of La Crosse. The well water and the river water will be thoroughly examined and when the report is submitted it will show what system should be adopted here. It is expected that it will take two or three weeks to complete the work.

CONFER ON HOLDING UP RATE INCREASES

WASHINGTON, D. C., June 9.—Representatives of all the eastern trunk line railroads conferred this afternoon with Chairman Knapp and Commissioner Clark of the interstate commerce commission over the methods to be pursued by the committee in carrying into effect the agreement between President Taft and the railroads.

It was agreed that a supplementary tariff should be filed announcing the suspension of the proposed increased rates until August 1.

BOCZE STIMULANT IS NEARLY FATAL

ST. LOUIS, Mo., June 9.—Richard C. Kerens, Jr., son of the United States ambassador to Austria, is today in the city hospital recovering from the effects of an overdose of paraldehyde taken last night in the toilet room of the La Crosse hotel. His recovery is assured, physicians say today.

Paraldehyde, physicians say, is a stimulant used to counteract the effects of intoxicating liquors, and is often used for this purpose.

ROOSEVELTS SAIL HOME TOMORROW

LONDON, June 9.—The Roosevelts are spending their last day in England at the country home of Sir Edward Grey, the foreign secretary, at New Forest. They sail for home tomorrow on the Kaiserin Augusta Victoria.

NIGHT RIDER CASES UP TOMORROW

HOPKINSVILLE, Ky., June 9.—The Christian county circuit court was crowded today when the night rider trials were postponed until tomorrow. By order of Judge Hanbury, every person entering the court room was searched by officers for concealed weapons.

Milton Oliver, who was recently shot by night riders after he had given night rider secrets to the grand jury, is the star witness.

CURTISS MAY TRY A BOSTON FLIGHT

BOSTON, Mass., June 9.—A flight from New York to Boston is being considered by Glenn H. Curtiss, the aviator who so successfully covered the distance between Albany and New York. He believes he can make the trip—217 miles—with only three stops for gasoline.

TRUSTS MAKE EMPLOYEES OF U. S. DIAZ'S TOOLS

CORTELYOU GOT THE FRAUD TIP

Parr Prosecuted It, and His Friends Say Million Is Not Too Much for Him

NEW YORK, June 9.—The report from Washington that Richard Parr, special agent of the customs department will receive only \$100,000 for his work in unearthing the mammoth sugar trust frauds, has met with considerable resentment among Parr's friends here who declare that between \$1,000,000 and \$2,000,000 would be nearer a fair reward for Parr.

The government, they say, recovered several million dollars as the result of Parr's expose, in addition to overthrowing a fraudulent system and thereby saving itself untold millions of dollars in the years to come.

\$100,000 Not Enough

Parr will go to Washington next week to talk the matter over with Secretary of the Treasury MacVeagh, who is finally to determine the amount Parr can be paid and that MacVeagh is inclined to be liberal. Parr's friends declare \$100,000 would not show liberality. Parr himself positively declined to discuss the amount of the reward though he expressed great satisfaction over the ruling of Attorney General Wickersham that he alone was entitled to whatever reward is to be paid.

A former government official who had much to do with the work done by Parr, told the United Press today the inside story of Parr's discovery, the circumstances of which hitherto have been closely guarded.

Cortelyou Got "Tip"

When Geo. B. Cortelyou was secretary of the treasury under President Roosevelt he was notified in a roundabout way by a man named Walley, a discharged checker at the Havemeyer and Elder docks in Brooklyn, that the government was being defrauded by underweighing of sugar on which duties were paid. No details of the fraud were laid before Cortelyou.

Collector of Customs Fowler of the port of New York was summoned to Washington and ordered to get to work on the case immediately. At a conference before Cortelyou and Fowler, Thomas Cross, a special government agent was ordered to New York from Buffalo. With Fowler, Cross examined all the government agents in this division and finally hit upon Parr as the most likely official to discover fraud if they really existed. Parr was then given free rein.

Parr Refused Bribes

He discovered that holes were bored in the stanchions of each of the scales on the Havemeyer and Elder docks and that through this hole a spring was so manipulated as to make the scale record a weight far lower than the true weight of the sugar placed upon it. Oliver Spitzer, the dock superintendent, has admitted that Parr was offered a large bribe to "forget" it. With Special agent Brzezinski, Parr unearthed the entire frauds. On the first trial Brzezinski's story was so manifestly different from that of Parr's that Brzezinski was dismissed from the service. Single handed Parr fought his way to victory, forcing the sugar trust to pay back nearly \$4,000,000 in duties and resulting in the installation of true scales upon the docks.

While the indicted sugar officials were awaiting trial, Parr was offered an additional bribe of \$100,000 to "disappear." Parr refused this, as he had refused others and assisted in the prosecution.

His superiors say that Parr is a most efficient, capable, honest officer and there is not one of them who does not hope he will be liberally rewarded.

THOUSANDS OF ACRES REVERT TO INDIANS

ST. PAUL, Minn., June 9.—The titles to thousands of acres of farming and mineral lands in eastern Oklahoma, comprising what was known as Indian Territory, the valuation of which reaches into millions of dollars, is forfeited by the owners and restored to the Creek, Cherokee, Choctaw and Chickasaw Indians by a decision of the United States court of appeals here today.

"Interests" which Control \$900,000,000 of Mexican Concessions "Use" Government

STARTLING CHARGES TODAY

Money "Kings" Have Brought "Pressure" to Make U. S. Officials Persecute Enemies

WASHINGTON, D. C., June 9.—Sensational charges that President Diaz of Mexico is able to use officers of the United States government as his tools in prosecuting his political enemies will be made tomorrow before the house committee on rules, which is considering a resolution of Wilson, democrat of Pennsylvania, to create a joint investigation committee.

It is expected to be shown that Wall street interests owning concessions in Mexico worth \$900,000,000, given them by Diaz, have forced American officers to prosecute mercilessly those Mexicans in the United States who oppose Diaz.

John Kenneth Turner, author of "Barbarous Mexico," and L. Gutierrez de Lara, his co-worker and Mexican author and lawyer, will produce documentary evidence which they believe will substantiate their charges.

Trusts in Control

Following are the statements upon which they base the allegation that the laws in America are stretched to accommodate Diaz.

The Guggenheims control absolutely the entire copper output of Mexico; own practically all the smelters and the mines.

The Continental Rubber company, which controls 15 per cent of the world's output of rubber and in which John D. Rockefeller, Jr., is said to be the largest individual stockholder, is in control of nearly all the rubber producing lands in Mexico.

The Standard Oil company has a practical monopoly of all the petroleum business in the republic.

The Southern Pacific Railroad company and the Harriman heirs control two-thirds of the railway lines in Mexico—about 8,000 out of 12,500 miles.

The sugar trust has gained a practical monopoly in the beet sugar business in Mexico, through recent exclusive concessions granted by Diaz.

The Wells-Fargo Express company has an absolute monopoly of express business in Mexico.

Turner declares that all of these financial interests so heavily indebted to Diaz have paid their obligations by bringing pressure on the federal government to accomplish Diaz's ends, pleading danger to American

BLEACHED FLOUR HELD INJURIOUS

KANSAS CITY, Mo., June 9. — Before a jury in the federal court here, Special Prosecutor Pierce for the government is endeavoring to prove that bleached flour is injurious to health, in prosecuting the well known "bleached flour case."

Gustave Mann, of Tulane university, New Orleans, testified that there was a difference of 13 per cent in digestibility between bleached and unbleached flour, in favor of the latter. Dr. Mann told the experiments with the Drosophila plant which secretes juices similar to those of the human stomach. This plant soon died when "fed" bleached flour, he said.

The southwestern millers are vigorously opposing the government's suit, claiming a decision against the bleaching of flour would render it impossible for them to compete with millers who use northern wheat.

KAISERS INSPIRATION COMES FROM BIBLE

BERLIN, June 9. — That Emperor William of Germany tries to guide his every action by the precepts of the bible was the statement made in a published interview which the Rev. Dr. Stolte, one of Berlin's leading preachers, recently had with the emperor.

"I love to read the bible," the kaiser is quoted as saying. "It lies nightly on a table near my bedside. I cannot understand why so many people do not read this great book. Whenever I have to decide some weighty question, I ask myself what the bible, in just such a case as perplexes me, would teach me to do. We all have our bitter hours when pride gives way to humility. It is at such times that the bible affords the greatest consolation."

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of women is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R.V. Pierce, Pres., Buffalo, N.Y.

MINNESOTA AND THE NORTHWEST

ADOPT PENSION ON THE SOO ROAD

New Plan to Go Into Effect
on that Line, Beginning on July
1, 1910

MINNEAPOLIS, Minn., June 9. — The board of directors of the Soo line today authorized the adoption of a pension plan for employees, to become effective July 1. In order to be eligible, an employee or official must have served the company for fifteen years continuously. Sixty-five years is the age limit.

The basis on which the pensions will be paid will be one per cent for each year that the employee has been in service. In case an employee has been with the company for 20 years he will get 20 per cent of the average wage he has obtained for the last ten years of his service.

No employee is to get less than \$15 a month pension.

This is regarded as one of the most liberal pension plans that has ever been adopted by any railroad. The employees are not asked to contribute a cent to the fund. The money will all be furnished by the company.

LEARN TO SWIM IN FEW MINUTES

Prof. G. H. Corsan Tells
what Methods He Uses
in Teaching Boys
and Others

"Don't swim like an old woman," shouted Prof. G. H. Corsan to some of the boys in the swimming pool at the Y. M. C. A. yesterday afternoon when they used the short stroke, so commonly used by swimmers. "Now try this stroke," continued the professor, showing them how to paddle the same as with an oar, and in a few minutes the little fellows were able to throw away the "wings" and swim like a fish.

"It is so easy that many grown persons who have never been able to swim wonder why they could not have learned it before," said the professor to a Tribune man. "I once went to Brooklyn, where I had a class of old women, who had grown gray without ever learning to swim. It was surprising to see how quickly they learned the stroke and how soon they were able to swim like an old timer. The trouble with many swimmers and the reason many so-called good swimmers are drowned, is because they never learn to breathe properly. The idea is to breathe through the mouth and not through the nose. In one-fifth of a second the lungs may be filled with air through the mouth, whereby breath-

ing through the nose is a slow process. My system is very simple. It is simply a shoulder motion, turning the head upwards with each stroke and breathing through the mouth."

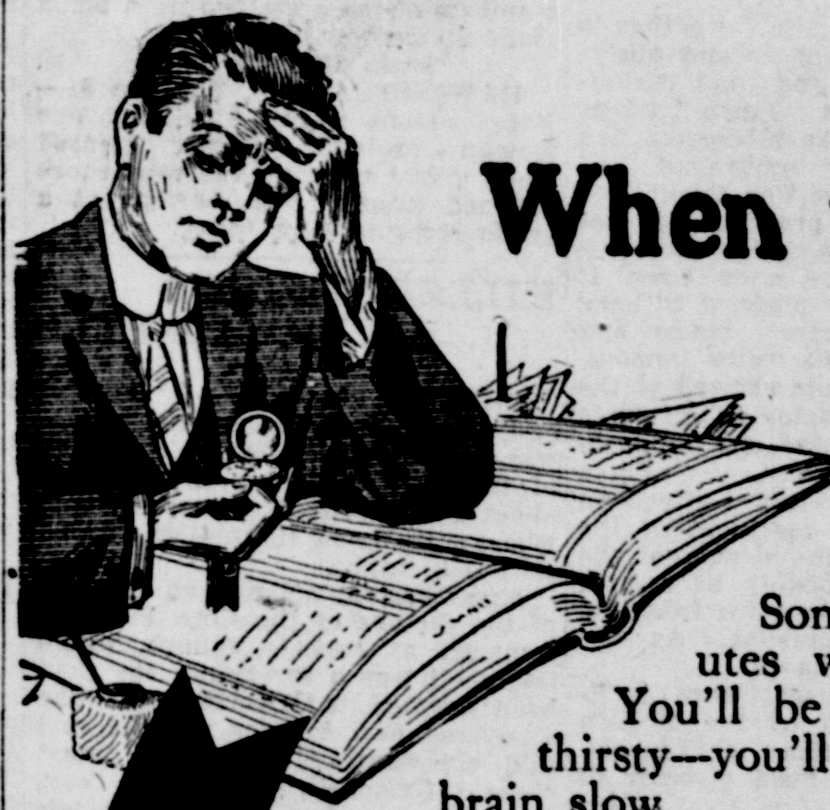

One of the features of Professor Corsan's instructions is the method used in breaking away from the grasp of a drowning person, resuscitation and the care of a person after being resuscitated. He shows half a dozen different ways to break away from a drowning person and demonstrated the different grasps that may be employed. He shows how to restore a person by the Schafer method, which has proven successful after having been in the water for twenty-five minutes. After the heart begins to beat and the patient has been restored to his senses hot applications should be placed upon the pit of the stomach and hot drinks, either hot ginger tea or hot brandy should be given. Then wrap in hot dry blankets and sometimes in three or four hours the recovery is complete, although often three or four days are required. The process is very painful and weakens the victim sometimes for several days afterward.

The entertainment to be given at the Y. M. C. A. this evening will be of interest to all swimmers and the resuscitation and demonstrations will be but one section of the program.

The attendance at the school of instruction has been very large and before the end of the week several thousand will have learned to swim. On Tuesday 385 men and boys attended the school. Saturday afternoon a tryout will be conducted for the boys who have taken the instructions this week. The tryout will begin at 1:30 and continue until 3 o'clock and arrangements have been made to present each boy who swims full length of the pool, with a silver button. These buttons are furnished by George D. Pratt of the Pratt Institute of Brooklyn, who has presented thousands of them to boys all over the country.

MUNICIPAL COURT IS HELD VALID

SPRINGFIELD, Ill., June 9. — The supreme court sustains the validity of the municipal court of Chicago. The decision was handed down in the mandamus proceedings of Frank P. Sadler versus Harry Olsen, chief justice of the court. Sadler was elected in 1906 to serve two years. At the last term of the supreme court he secured consent to file a petition for mandamus to compel Olsen to recognize him as a member of the municipal bench. Sadler's contention was that the constitution provides that the term of the judiciary shall be four years. The court says that the municipal court is not a constitutionally created court. Power to create city and appellate courts was delegated to the legislature by the constitution but it does not compel the legislature to do so. When the legislature decides to create courts it may fix the terms of the judges.

SCARES HOUSE BREAKER AWAY

Mrs. Oakes Heard Someone Taking the Screen Off the Window and Screamed

By screaming at the top of her voice when she heard some one attempting to remove a screen from a window in her room between 11 and 12 o'clock last night, Mrs. Oscar Oakes frightened an intruder away, who she is sure came with intentions of robbing the house.

Mrs. Oakes resides with her parents, Mr. and Mrs. George Marteau, 807 Caledonia street. Last night she sat up rather late reading a book, and some time after 11 o'clock she heard someone trying to take the screen off the window. Listening a short time she was certain that someone was trying to break into the house. A loud scream woke the members of the family and frightened the intruder away. Search on the outside of the building failed to reveal the man, and it is thought that he made good his getaway. Mrs. Oakes is certain that the man was a burglar.

MISS OLSON WEDDED TO CLIFTON STAFF

Rev. A. V. Ingham of the Caledonia Street M. E. church, at 8:00 o'clock last night at the parsonage married Miss Clara Olson of this city and Clifton Staff, a prominent young man of Mindoro, Wis. Miss Bergina Berg was the maid of honor and Eddie Skoy acted as best man.

PARK AT MILL STREET CROSSING

North Side Progressive League will Bring Matter Before Council; Schmoll Donates Fountain

If plans which were promulgated at the regular meeting of the Progressive league last night materialize, the triangular piece of city property on the east side of Mill street north of and adjacent to the Milwaukee tracks, will soon be converted into a small but beautiful park.

The ground is now unoccupied except for the shoe shining establishment of Tracey Merrill and a number of piles of rubbish. Mr. Merrill is remodeling a building across the street and will soon occupy it. At the meeting last night, H. R. Schmoll brought before the league the advisability of cleaning up this piece of ground, sowing it with grass seed and putting in a few flower beds. Mr. Schmoll stated that if the project was worked out and if the city would connect the water with this piece of ground he would donate a small cement fountain which would add much to the beauty of the place. The ground is triangular and is about 75 feet long on each side. All the members of the league felt that it was a worthy suggestion and steps will be taken to bring it to the attention of the common council and the park commissioners. The cost of the improvements will be but a trifle yet the result which will be obtained will add much to the view which the stranger gets when stopping off a Milwaukee train as it enters the north side. The building adjacent to the proposed park is occupied by Schmoll and Pfeiffer, who are remodeling it preparatory to opening up an up-to-date ice cream parlor.

Steps were taken by which pressure will be brought to bear on the owners of the buildings on Mill street which are plastered over with objectionable signs of all kinds. The committee on this matter, of which Rev. Murphy is chairman, will also take action in clearing empty lots of rubbish and scrap iron heaps.

Secretary A. A. Gibson was instructed to correspond with the La Crosse Woman's club in order to interest them in the movement to clean up Mill street. Many of the members of the club are north side residents and it is felt that if they become interested in the work more will be accomplished.

The committee which is considering the electric lighting and power difficulties made no report.

Lots of people expect applause every time they do their duty.

HOTLY CONDEMN "IKE'S" PAPERS

Lively Session of Progressive League Considers Censure for Accusations Against Morris

VICIOUS ATTACK OUTRAGE

So Declare Speakers, but Resolution is Withdrawn to Avoid Committing League Politically

The fact the North Side Progressive league would rather not mix up in politics, and feels it should maintain a standard as a commercial organization without expressing itself politically, is all that saved the Leader-Press and Chronicle, local organs of "Ike" Stephenson, and the stalwart special privilege organization from being publicly condemned last night by resolution for their recent unwarranted accusations against Senator Morris and Mr. Crownhart of the state board of normal regents. Every one who spoke after the resolution was introduced condemned the Stephenson papers for this gross insult, even though they hurriedly retracted it when called to book by Senator Morris. However, some of the members present argued that while the members personally agreed with the sentiment expressed by the resolution, they thought it would be for the best interests of the league not to take an official stand on a political issue, it being a purely commercial organization, and consequently the resolution was withdrawn without being put to a vote.

It was argued that the adoption of this resolution, while the popular sense of the meeting would set a precedent, whereby the league could not well refuse to take up other political issues and quarrels, should be avoided.

The Resolution.

Th resolution follows: Whereas, the Leader-Press and the Chronicle of this city recently published articles accusing Thomas Morris of this city with improper and dishonest conduct as a member of the state board of normal regents, and

Whereas, we, his friends and neighbors of the North Side Progressive league, many of whom have known him throughout the quarter of a century he has lived among us, desire to make public expression of our confidence in him as a man and as a public official, now therefore, Resolved, that the North Side Progressive league hereby declares its implicit faith in the integrity and honor of Thomas Morris as a man and as an officer of the state, and Resolved further, that this league condemns and censures the authors and publishers of the false and defamatory attacks upon him.

RED WING TAKES LAST OF SERIES

Fautsch Holds the Outcasts to but Four Hits, Winning by the Score of 6 to 0

RED WING, Minn., June 9.—Backed by perfect support yesterday, Joe Fautsch held the La Crosse Outcasts to four scattered hits, the Red Wing Manufacturers scoring an easy shutout victory. In the seventh inning Wals of La Crosse was on third and Kuehn lined to center. Swanson speared the drive and by a perfect throw napped the runner at the plate when he attempted to score on the out. Wolford hurled fine ball until the sixth, when a pair of errors, a balk, a single by Gritz and Swanson's double gave the locals three runs. The score:

Kading Wins for Eau Claire
EAU CLAIRE, Wis., June 9.—Big Kading was the hero of the game, banging out a double in the fifth inning with three men on bases and two out, sending three runs across the pan, enough to win the game. He hit safely every time up, getting four hits, one a double.

Kading also batted in the first two runs in the first with a safe drive with two down.

Three singles, a base on balls and Landry's triple, by grace of Carter, gave the visitors four in the fifth. This was the only inning in which Superior got to Morrow, who pitched fine ball in pinches. Score:

Pirates Win From Rochester
ROCHESTER, Minn., June 9.—Vance went in to pitch for Rochester with a sore arm and was wild, passing nine men and allowing five hits in seven innings. Johnson succeeded him and allowed one hit and no runs. Rochester made ten hits to six for Winona. Rochester's errors were costly, while Winona played errorless ball. TOMAH PEOPLE WED

TOMAH, Wis., June 9.—At 8 o'clock Tuesday evening, a very pretty home wedding was solemnized at the home of Mrs. Ella Goodyear, when her sister, Miss Jennie Davis, of Madison was united in marriage to Mr. Frank W. Lucas, a lawyer of that city. The bride and groom were attended by two little flower girls, Carrol Goodyear and Fannie Rowland, nieces of the bride. Rev. J. G. Smith performed the ceremony, the ring service being used. The color scheme of the rooms was pink and white, and sweet peas, roses and peonies were used. The bride was dressed in white silk mill, and carried a shower bouquet of bride's roses. After an informal reception the wedding supper was served, and Mr. and Mrs. Lucas left on the 11:05 train for a short wedding trip, after which they will make their home in Madison.

A small company of relatives and friends were present, who heartily extended congratulations and best wishes. The following were guests from out of town: Mrs. B. Lucas and daughter of Broadhead, Wis.; Mr. and Mrs. F. M. Davis, Mr. and Mrs. C. E. Buell and Mr. John Main of Madison; Miss Barber of Warrens, and Mr. C. A. Goodyear of Chicago.

BIRTHDAY PARTY

KNOWLEDGE OF FOOD

Proper Selection of Great Importance in Summer

The feeding of infants is a very serious proposition, as all mothers know. Food must be used that will easily digest, or the undigested parts will be thrown into the intestines and cause sickness.

It is important to know that a food can be obtained that is always safe; that is Grape-Nuts.

A Texas mother writes: "My baby took the first premium at a baby show and is in every way a prize baby. I have fed him on Grape-Nuts since he was five months old. I also use your Postum for myself."

Grape-Nuts food is not made solely for a baby food by any means, but is manufactured for all human beings.

One special point of value is that the food is partially predigested in the process of manufacture, not by any drugs or chemicals whatsoever but simply by the action of heat, moisture, and time, which permits the diastase to grow, and change the starch into dextrin, a portion of which is further changed to dextrose or grape-sugar. This presents food to the system ready for immediate assimilation.

Its especial value as a food, beyond the fact that it is easily digested, is that it supplies the needed elements to quickly rebuild the cells in the brain and nerve centres throughout the body.

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

YEOMEN DANCING PARTY

The Yeomen of America met last night at K. P. hall with a large attendance. After the initiation of an unusually large class and the regular routine of the meeting had been dispensed with a pleasant social evening was spent by the members in general conversation, music and dancing.

FIVE HUNDRED PARTY

Yesterday afternoon Mrs. E. E. Fries entertained at three tables of five hundred. The prizes were taken by Mrs. T. M. Liddell and Mrs. A. L. Meigs.

The guests were Mesdames Allen of Minneapolis, T. M. Liddell, Homer Hart, Jr., Orlando Hegge, Clarence Johnson, Hunt, W. S. Frame, Chase, E. A. Gleason, B. F. Holmes, Neil Currie and A. L. Meigs.

SOCIAL BRIEFS

Miss Helen Bock, who has been the guest of Miss Laura Emery, has returned to her home in New Albin. Miss Laura Emery left last evening for Randolph, Neb., where she will spend a month with relatives.

WHEELER-ELDRED NUPTIALS

So fair a bride shall leave her home."

The J. E. Wheeler home on Cass street presented a scene of festivity last evening when the daughter of the house, Marie Adelaide, was united in marriage to Arthur Gordon Eldred of Warren, Pa. To the strains of Mendelssohn's wedding march, rendered by Kreutz's orchestra the bridal party descended the broad stairway, passing through a ribboned aisle, held by Helen Wheeler, a niece of the bride, and Eleanor Edwards, entered the front parlor and took their position in front of tall bay trees, stately palms and delicate ferns, their bright green foliage forming an attractive background for the rich bridal toilettes. Baskets and gardeners of marguerites and maiden hair ferns were grouped about in various places, while here and there were bunches of pink roses which added to the color effect. Rev. C. N. Moller of Christ Episcopal church performed the ceremony. The bride was attended by Miss Martha Wilcox of Elgin, Ill., as maid of honor, and the groom by Albert Rockwell of Warren, Pa. The bride wore a handsome gown of rich ivory white duchess satin with trimmings of duchess and rose point lace. Her veil was confined by a wreath of orange blossoms which has the distinction of having been worn at the wedding of her mother. Her only ornament was a pearl and diamond necklace, the gift of the groom. She carried a shower bouquet of white orchids. The maid of honor's gown was a delicate shade of green crepe de chine, with tunic of chiffon. Her flowers were marguerites. The many wax tapers in sconces and handsome candlesticks gave a soft and subdued light, enhancing the beauty of the scene. The bride's table was centered with brides' roses and lilies of the valley, and the smaller ones with basket marguerites and maiden hair ferns. About sixty-five guests were present, many of them being from out of town. Mr. and Mrs. Eldred left on a late train for their honeymoon. They will reside at Warren, Pa.

The out of town guests were Mrs. J. B. Kehler and Mrs. George Towne of St. Louis; Mr. Guy Swanson of Warren, Pa.; Mr. Holyoke of Milwaukee; Mr. and Mrs. P. H. Brockway of Kansas City, Mo.; Mr. and Mrs. J. R. Wheeler and daughter Helen of Columbus, Wis.

Perfect Ice Cream Soda

Traveling men who have a chance to try fountain beverages all over the country tell us that we have them all beaten on Ice Cream Soda. We certainly cannot see how anybody can produce better.

We make our ice cream ourselves from pure rich cream, pure sugar and the choicest flavors, and we take the greatest pains in freezing it. Our syrups are the finest that sugar and pure fruits can make. There's a liberal amount of ice cream in each glass, and we believe our service cannot be improved upon.

HOMES RECLAIMED BY IRRIGATION

CHICAGO, June 9.—In the address before the Hamilton club, R. Insinger of Spokane, Wash., chairman of the board of governors of the National Irrigation Congress, declared that during the nine years of its operation the National Reclamation act has been responsible for reclaiming more than 3,000,000 acres of land and with the completion of thirteen projects now held in abeyance, will add a total of 6,500,000 acres to the crop area of the United States and homes for 3,500,000 persons.

"Under irrigation," he said "the tendency is to greatly restrict the size of the farm unit. Irrigation means intensive cultivation and in turn larger crops."

"It means the farm village, lighted by electricity, furnished with domestic water through pipes."

"It means a union of the social features of town and the healthful ones of country life, and, as some one has well said, 'the disappearance of loneliness without the worst evil of overcrowding.'"

BLITZ AND BLATZ

Blitz—Everytime I meet you, I am the gainer for knowledge. Do you remember you spoke to me about "Lees Cream" being such an excellent thing for the skin?

Blatz—Certainly. Nothing else acts so prompt and soothingly in all cases of roughened or sunburned skin.

Blitz—Mrs. Blatz and myself took quite an auto trip yesterday. It was raw and windy, and after returning she complained about her face hurting and burning severely.

I immediately went to Beyschlag's Drug Store, 503 Main street, for a 25c bottle of that "Lees Cream," and applied it freely to Mrs. Blatz's face.

In the morning all the unpleasant symptoms had absolutely disappeared.

Blatz—I know it. That's the way "Lees Cream" always acts.

Blitz—I would not have believed it, that any remedy could have such marvelous effect over night had I not witnessed it. Blatz, I want you to accept this beautiful bouquet, which I just bought for you at Mrs. Guillaum's.

DINEHART DIES IN ST. PAUL HOSPITAL

MINNEAPOLIS, Minn., June 9.—Clarence C. Dinehart, 33 years old, state treasurer of Minnesota, died at Luther hospital, St. Paul, early yesterday morning. Mr. Dinehart's death makes a great change in the politics of the Second congressional district, where he was a leading candidate for the republican nomination for congress.

STALWARTS QUIT, HANDS HANGING

(Continued from Page One.)

commend his faithful adherence to republican principles. "Resolved that this convention elect a state campaign committee to consist of two members from each congressional district in the state, this committee to have authority to elect a chairman and such other officers as may be necessary, and the chairman to be authorized to appoint an executive committee of five.

"The campaign committee shall prepare a manual for use in calling and governing county, district and state party meetings and conventions, and prescribe rules for the keeping of accounts of all receipts and expenditures, all such accounts to be open to public inspection.

"The committee so elected is hereby authorized to call a state convention at any time that in its judgment the interests of the party may demand."

"We approve of the present tariff law as a real progressive measure, especially commend the provisions for maximum and minimum schedules and future scientific revisions."

Another "Convention"

Another Taft republican convention will be called before the primaries, and it will make recommendations for the senatorship and for the state offices, and will call upon the Tories to support its nominees at the primaries. Mr. Phillips, when asked about the matter, stated that the Taft convention campaign committee had the authority to call another Taft convention, and that this plan would not doubt be followed in order to select the candidates for support at the primaries.

Cook the "Goat"

There is some feeling that S. A. Cook, who was to receive the support of the new movement in his efforts to succeed R. M. La Follette as United States senator, is in danger of being disappointed. W. D. Connor is said to have an eye upon the senatorship and if he should succeed in defeating Senator La Follette next fall, he will be in a position to crowd out Cook.

The Taft leaders will not respect the choice of the primaries and even no one expects him to do, it would no one expects him to do, it would probably not land him in the senatorship.

Speakers Champion Tariff Neither Vice-President Sherman, nor ex-Congressman Watson helped the "New Movement" by their speeches before the "Taft" republican convention. They practically ignored conditions that have caused insurgency. They championed the Payne-Aldrich tariff law, an advocacy that was coldly received.

In the main Sherman and Watson spoke on the defensive. They defended Taft and the party. They attacked the insurgents only by innuendo. The general opinion is that their coming into Wisconsin, although Sherman stated expressly that he was sent here by Taft, has not affected the political situation.

Won't Endorse Anyone

After a night largely devoted to conferences between the various elements that go to make up the Taft republican convention here it appears that the wide differences have resulted in refusal to endorse any candidate for office. The forming of a permanent organization to push the interests of the Taft cause, of those candidates who are willing to run under the stalwart banner, was completed before the convention adjourned at noon and a set of Taft resolutions were adopted. The various county caucuses during last night were almost a unit against an endorsement of any candidate or office.

Attacks Not Made

The expectation that the convention in addition to loud praise for Taft would make a savage denunciation of La Follette and of La Folletteism did not materialize for the shabby attendance of delegates opened the eyes of the "Captains" to the handwriting on the wall. B. C. Smith, chairman of the La Crosse delegation did not even attend the convention. The nearest approach to any reference to La Follette was in the speech of Chairman Bancroft late yesterday when he referred without mentioning any name to a Napoleon of politics with egotistical and illimitable ambition which led him forward without any reference to party success or national welfare.

Stalwart Paper's Misrepresentation Wisconsin people reading the Milwaukee stalwart organs would gain the idea that La Follette had been "resolved" off the map, that his scared and disorganized supporters were flocking to the old Eleventh-story Stephenson-Pfister banner as fast as their legs could take them, and that the "convention" in Milwaukee was the marking of where the roads of divided republicanism in the state rejoined. Both the Sentinel and Free Press, in relating alleged facts concerning the convention today attempt to show the convention representative of all factions, while as a matter of fact it is stalwart to the backbone, and any progressives present were there to "keep cases" on what was done.

The "convention" from start to finish has been a fizzle, and nothing whatever has been accomplished, in the way of returning to the old ring, the control of state politics. The progressive element was "next" before the convention was called, as a consequence the convention has taken on more of the order of a consolation gathering of the "has-beens" than anything else. The effort to make the public believe it was a general reconciliation of the republican factions has failed utterly and friends of La Follette are smiling in their sleeves as they watch the old Stalwart-Eleventh-story league members quarreling among themselves because everyone wants to be "Captain."

"Delegates" Not There

The "progressive" spectators are published by the Eleventh-story papers as evidence that "all factions" participated, and the Milwaukee Sentinel publishes a "list of delegates" which gives the names of scores of men who were not even in the city of Milwaukee. It looks like an old-time Stalwart effort to mislead the people by noise and pronouncement, but the old gum-game don't "go" any more; people have been thinking for themselves these many years. The Stalwarts announce they "want government returned to 'THE People'" (as they consider themselves.)

"Solidarity"—For Taft Vice-President Sherman lauded Taft and "party solidarity." Insofar as it profited the administration, as did James Watson, the congressman-out-of-a-job who has of late been running errands for the special privilege organization. The speakers last night said the republicans should "get together," but no advice was given to support Senator La Follette after they had "got together."

The whole purpose of the convention to defeat Senator La Follette, is so plain it seems ridiculous that the promoters would insult the intelligence of the people of the state by trying to conceal its real aim. Neither was any mention made of when the "bar" being filled in lumps of \$20,000 by the trusts and System organization, would be tapped for the benefit of the "faithful," to compensate them for their work against the senior senator. This is something the people of the state are interested in, and the convention would have at once sprung into popular prominence, had this important question been openly settled, and the "spoils" divided forthwith.

Misrepresentation of La Crosse

The delegates from La Crosse county who ACTUALLY WERE PRESENT at the Milwaukee convention were: George W. Burton, F. P. Hixon, John M. Holley, L. B. Cox, Abe Maynard, E. Green and Willis Osborne.

No comment is necessary on the stalwart sympathies of all these men.

The "list of delegates" published in The Sentinel this morning, intended to represent the attendance misrepresented La Crosse county as follows:

La Crosse—B. C. Smith, John M. Holley, J. W. Bryant, William Hurlbert, A. Hirschheimer, A. J. Eberhart, Frank P. Hixon, F. G. M. Howley, Charles Linse, B. B. Mercereau, Charles Knudson, Sam Jones, Frank Bradley, L. B. Cox, Herman Roessler, R. E. Green, John Freehoff, A. Maynard; alternates, Percy Bentley, James B. Taylor, Dr. George E. Powell, Dr. F. C. Sulter, F. H. Scofield, John Mulder, Willis Osborne, E. C. Perkins, Orlando Holway, Thomas Stavrum, C. S. Van Auker, Ira Richardson, Leonard Lottridge, Orrin Fletcher, Alfred Hanson, Thomas Johnson, D. F. Aiken, F. R. Weston, Richard Ginski, Henry Richmond, Caspar Anderregg, John Michaelson.

Of the 42 delegates and alternates published, therefore, 35 were NOT PRESENT. Of seven who did attend from La Crosse county SIX were regularly elected DELEGATES while ONE was an alternate.

Carroll Probably In

DES MOINES, Iowa, June 9.—Late returns from eighty-six counties of Iowa today indicate that B. F. Carroll has captured the republican nomination for governor over Warren Garst, progressive, by 3,500.

In sixty-eight counties the vote for attorney general has been received, showing Senator Cossom of Audubon in the lead with 37,953 votes. For clerk of the supreme court B. W. Garrett, Garst's manager, is in the lead. David J. Palmer, standpatter, is evidently renominated for railroad commissioner.

The returns have not yet settled the control of the state convention. The "Taft Republican club" claims the convention by 150 delegates, while the progressives say they will have control by at least 100. The exact result of this conflict may be known late today.

Claud Porter, of Centerville, has the democratic nomination for governor by a large majority. In the second district J. S. Pepper won the democratic nomination for congress over J. A. Dearmand, securing a decisive victory.

Close in South Dakota. SIOUX FALLS, S. D., June 9.—No change is apparent this morning in the governorship contest in the meagre additional returns received.

Geo. W. Egan, independent republican, contends that he has carried the state by about 3,000.

Progressive republican headquarters at Huron says Gov. Vessey was nominated by a plurality of 800. Nothing is definite as to the rest of the state ticket.

Stalwart republicans say there is little doubt that Congressmen Martin and Burke were nominated for re-election.

Many believe an official count will be needed to determine the result of the contest between Egan and Vessey.

INSURGENTS EXPECT SATISFACTORY BILL

WASHINGTON, D. C., June 9.—Insurgent republicans in the house, smarting from yesterday's defeat on the Lenroot motion to adopt the senate railroad bill, nevertheless today admitted that maybe it was for the best after all. They take great satisfaction in the fact that the insurgents stood together and attribute the defeat to the absence of a score of democrats and the defection of others.

They figure that they still have a club over the conferees in the chance to reject the conference report if it is not satisfactory. The fight yesterday brought out an emphatic promise from Representative Mann (R., Ill.) who heads the house conferees that he would stand by the wishes of the public and the vote was so close on Lenroot's motion that insurgents feel that perhaps after all they may get a first class bill out of conference.

They figure also that they can possibly secure the support of a number of regulars on a motion to reject an unsatisfactory report. For this reason they say, the organization will be pretty sure of its ground before it reports the bill from conference. In yesterday's vote half a dozen insurgents who, deep down in their hearts, did not favor Lenroot's proposition, stood with the Wisconsin man solidly.

MOTHERS TO GATHER AT DENVER FRIDAY

DENVER, Colo., June 9.—Representative Mothers of the United States who believe that the care of the child is the greatest mission of woman will take possession of Denver next Friday. With the arrival of a special train on that day, bearing the advance guard of the delegates to fourteenth annual session of the National Congress of Mothers will begin.

Several sessions will be held daily for five days, during which all phases of child culture, from babyhood to manhood will be discussed. Besides discussing at great length the homes responsibility to children the congress will devote special attention to the responsibility of the school, the church and the state.

This will be the first time in its existence that the congress has met in a suffrage state and local suffragettes promise to prove by ocular demonstration to doubting mothers that the ballot and the cares of child rearing do not conflict.

Mrs. Frederick Schoff, national president, outlines the objects of the congress as follows:

"We want to raise the standard of home life, to develop wiser, better trained parenthood, to give young people an opportunity to learn how best to care for children mentally, morally and physically and to bring teachers and parents into a better understanding of the ideals and aims of each."

FIRST ROOSEVELT BOOMER ARRIVES

NEW YORK, June 9.—The first of the real Roosevelt boomers to strike New York is making his presence felt today. He is Jack Abernathy, appointed United States marshal for the third district of Oklahoma by President Roosevelt after he showed the colonel how to catch wolves with his hands. Abernathy declared that an Oklahoma delegation of a couple of hundred will be here to participate in the Teddy day celebration.

Colonel Roosevelt is more popular than ever in my neck of the woods," said Abernathy today. "The people realize more than ever that he is absolutely on the square, and the way he has stood the bunch on their heads on the other side pleases us a plenty."

Abernathy said that his two sons have ridden from Oklahoma to be present at the welcome.

KING MAY QUIT AFTER SCANDALS

LISBON, June 9.—The early abdication of the throne by youthful King Manuel in favor of his uncle, the Duke of Oporto, was rumored in official circles today. The people's unrest and the financial troubles of the royal household are given as reasons for the contemplated move.

The scandal growing out of the financial dealings of Manuel's grandmother, the dowager queen Maria Pia, with the government starting an investigation of the finances of the royal family and the disclosures of alleged grafting, have turned the people against the king. Manuel is 20 years old and the Duke of Oporto 45.

PRIVATE ASSAULTED MRS. REDDING

WASHINGTON, D. C., June 9.—Only one member of the 25th Infantry at Fort Lawton, Wash., is implicated in the attack made on Mrs. Redding at Seattle recently, according to an official report received this afternoon from the commanding officer of the post. Lieutenant Colonel Samuel W. Miller, by the war department, he was Private Nathaniel Bledsoe, Company D, and was duly turned over to the civil authorities.

capital unless Diaz's wishes are complied with.

"There are a number of ways adopted by the agents of the Mexican government to prosecute political refugees," said Turner today. "The ultimate idea is either to have them returned to Mexico where they are quickly disposed of, or to have them incarcerated, harassed and persecuted in the United States."

"One method is to charge them with murder and robbery in Mexico. We have evidence showing that in many cases the bills filed against Mexicans in America don't even verify the place where the alleged robbery occurred nor the date. The robbery and murder charge has developed out of a revolution in Mexico a number of years ago."

U. S. Helps Diaz

"Another way is through the immigration inspectors. Attempt is made to have Mexicans deported as undesirable aliens—as anarchists or unhealthful. We can prove that in several instances this attempt has been made, notwithstanding the victim could prove his residence in the United States for three years or more. The law says an alien cannot be deported after two years."

"Again there have been deliberate attempts in town along the border line to kidnap Mexicans and hurry them over the line to police waiting there. Officials have winked at this sort of thing, too."

"Finally, attempt is made to jail the refugees on the ground that they are parties to a conspiracy to violate the neutrality laws of the United States and are attempting to raise an armed force in this country with which to invade Mexico."

"The Mexican government employs various detective agencies in America to spy upon refugees and to urge the federal authorities to wink at violations of the law."

U. S. Troops "Used"

Troops have been ordered to the Mexican border by the war department with orders to turn back refugees—which means turning them back to be shot, notwithstanding a Mexican is supposed to be allowed to enter America without a passport."

HOT TIME IN STORE FOR ROOSEVELT

NEW YORK, June 9.—If Colonel Roosevelt adheres to his intention to accept no special favors from the customs house officials when he lands in New York a week from next Saturday, those who have recently run the gauntlet of the local port predict that his experience will cause him to expose the cause of customs examination reforms.

Following the usual rules, the colonel will have to make a declaration of all articles in his baggage whether by gift or purchase. The customs officials are in the habit of assuming that the declarations of returned voyagers are untrue and a critical examination of every piece of their baggage is made regardless of the declaration. Will this hold true for Roosevelt? If so, every member of the colonel's family will have to make similar declarations and submit to questions and the examination of their effects.

Will the colonel saunter meekly by and see all this done under the orders of Collector Loeb, who only a few months ago was his secretary?

SACRED HEART BEATS M'GREGOR, 4 TO 2

PRAIRIE DU CHIEN, Wis., June 9.—Sacred Heart defeated McGregor in one of the most thrilling games ever witnessed on the local grounds by a 4 to 2 score.

Sacred Heart played an errorless game and amassed eight hits to their credit, one of them being a home run by Boyce, the reature of the game. Schmitz, though still suffering from a spiked arm, pitched a clever game, striking out eleven men. Kline also had that number of strike outs to his credit but was less effective at critical moments.

This was the last game on the Sacred Heart schedule and it proved quite an appropriate windup for one of the most successful seasons in the baseball history of the college. Out of fifteen games but two were defeats—the one the Marquette game in the beginning of the season, and the other the game with Highland Park, the latter having been lost only on account of the crippled condition of the team.

The score of the game follows: McGregor 000 010 010—2 Sacred Heart 000 001 305—4 Batteries—Kline and Prescho, Schmitz and Schneider, Schlitz.

JOHN HALVERSON INJURED IN FALL

John Halverson, better known as "Uncle John," who for many years has been in charge of the retail department of the Mons Anderson company, met with an accident early this morning at his home, corner of Fourth street and Cameron avenue. About daylight he got up and went to a door leading to the cellar and bottom of the cellar. He was found about a half an hour later by his brother, Gilbert Halverson, who resides in the house adjoining. The home of his brother every morning, because of the fact that he is 85 years of age and lives alone. When he was found he was conscious and was suffering from a bruise on the head. A doctor was called and pronounced the injuries slight. Mr. Halverson was resting easily this afternoon.

\$12,500,000 GOES INTO LONDON PURSES

LONDON, June 9.—Twelve and a half million dollars is the approximate amount that England expects to receive this season from American visitors. Now that the shock of King Edward's death has largely worn away, merchants, hotel keepers and others who profit largely from foreign tourists, are figuring on the season's returns and the foregoing estimate is published today in one of the hotel journals. It is estimated that 100,000 Americans will come to England during the summer and it is estimated that they will spend on an average of \$125 exclusive of railway fare. The amount is hardly as large as in several past seasons owing to the practical abandonment of the London "society season" as a result of Edward's death.

GODDARD FUNERAL THIS AFTERNOON

The funeral of the late Hiram Goddard was held this afternoon at 3 o'clock from the house, corner of Seventh and King streets. The house was filled with friends of the deceased and the services were conducted by Rev. Henry Faville of the First Congregational church. The honorary pallbearers were I. H. Moulton, John M. Holley, N. S. Donaldson, T. B. Lawrence, J. L. Pettigill and George H. Ray. The acting pallbearers were John P. Bird, Alfred James, A. H. Mitchell, W. R. Montague, L. C. Colman and T. H. Spence.

YOUNG WILL CASE STILL ON TRIAL

The contested will case of Dr. Young of Galesville, in which heirs are attempting to break the will, is still on trial before Judge Higbee in circuit court. A number of witnesses were sworn during the day and considerable testimony is being taken.

UNIONS MAKE BIG LEAGUE SURRENDER

CLEVELAND, Ohio, June 9.—Union labor is jubilant today over the sweeping victory resulting from its extensive boycott of the Cleveland

baseball club.

The boycott which has been in operation since the opening of the season, was raised last night when President Ban Johnson of the American Baseball league, signed closed shop contracts for all teams.

The agreement provides that all contracts for tearing down, construction, or repairs of parks shall contain a clause requiring the employment of union labor exclusively and all printed matter shall bear the union label. All cigars and tobacco sold within the park must also bear the union label.

Further the agreement provides that on some Sunday during the season the Cleveland club must play an exhibition game with another American league club and the proceeds be devoted to a charity to be designated by the Cleveland building trades council.

ROOSEVELT WILL FAY FULL DUTY

LONDON, June 9.—Theodore Roosevelt declared that he had neither asked for nor would he accept any favor from the New York custom house on his return to America on June 18.

The colonel said: "I have not asked any courtesies from the New York port or any special consideration for my own baggage or that of my family. I expect to pass through the customs, the same as any private citizen returning from a trip abroad."

Roosevelt said he was aware of complaints had been made against the New York port over the over-riding of its officials and he would like to see for himself whether the complaints were justified.

S.S.S. CURES MALARIA

Malaria is a species of blood poverty known as anemia. It is a condition in which the circulation is so weak and impure that it is unable to supply the system with sufficient nourishment and strength to preserve ordinary health.

The medical profession is divided in opinion as to the manner in which malarial poison gets into the blood. Some take the position that it is an atmospheric poison, the specific germs of which are breathed into the lungs and thus transmitted to the circulation. Others advance the opinion that persons become inoculated with the poison through the bites of mosquitos. All however agree that MALARIA is a blood affection, and any treatment to successfully overcome it must not only purify this vital fluid, but at the same time add the necessary qualities of richness and strength to the circulation.

The malarial poison destroys large numbers of the rich, red corpuscles of the circulation, and the peculiar paleness of anemic persons is due to this fact. In the first stages of Malaria there is a bilious condition of the system, constant bodily weakness, poor appetite, and a "no account," tired feeling.

S.S.S. searches out and destroys every particle of malarial infection and builds the blood up to a healthy, nourishing condition. Then the system receives its required nutriment, the bright red corpuscles begin to multiply in the circulation, shallow complexions grow ruddy and flushed with health, the liver and digestion are righted, the appetite improved, and the system vitalized and refreshed in every way. S.S.S. is a safe and pleasant remedy as well as an efficient one. If you have Malaria we will be glad to have you write us describing the case. We will send free our book on the blood and at the same time our physicians will give you some medical advice that will be of great service to you in curing yourself with S.S.S. No charge for the book or advice.

A PHYSICAL WRECK.

During 1800 I was running a farm on the Mississippi River, and became so impregnated with malaria that for a year afterwards I was a physical wreck. I took a number of medicines recommended as blood purifiers, chills cured and malarial radiators, but nothing did me any good until I began to use S.S.S., which I did about a year ago. The result was that after taking several bottles of the S.S.S. every year as a preventive, I was a healthy man, and would advise everybody else to follow my example.

Amory, Miss. B. R. COWLEY.

YOU CAN MAKE MONEY ON A GOOD DAIRY FARM

HERE IT IS:

A 200 acre first class Wisconsin dairy farm, only 40 miles from La Crosse, one mile from creamery, church, school, high school, and station. Rich soil, fine water, good house, barns, sheds and fencing. Farm implements, stock, and growing crops included. This farm will keep fifty dairy cows, and is worth at least \$55 per acre—\$11,000—without the improvements, farm implements, stock and growing crops, which are worth at least \$1,500. A total value of \$12,500. You can buy this farm, improvements, stock, crops and farm implements for \$8,000. \$3,500 cash, balance long time mortgage. This is not an irrigation proposition. Nature does that work for you. It's a place where you can make money, and it's a good place to live. Call or write today, as this is too good a proposition to be on the market long.

HAS PLENTY TO BET

6 TO 10 ON "JEFF"

CHICAGO, June 9.—"I have plenty more at the same price," said Andy Craig, the Chicago man who wagered \$10,000 on Jeffries to \$6,000 put up by Edward Dickinson on Johnson. The \$16,000 is today in the hands of Charles Herman, who will act as final stakeholder.

"I bet this amount of money at 10 to 6 because I am sure Jeffries will be the winner," Craig said today. "I have known Jeff for a number of years and I have seen him in a number of his greatest fights and I do not believe he has to be as good as he ever was to win from Johnson. I do not believe the negro is in a class with the big fellow and I think Jeff will win in short order. I know I could have gotten a better price for my money than 10 to 6 but I was compelled to call Dickinson after he had called me. I have a lot more money which I intend to bet on Jeffries."

TWO SPRINTERS TO COMPETE IN ENGLAND

At left, N. J. Cartmell. At right, F. L. Ramsdell.

PHILADELPHIA, Pa.—Philadelphia's two star sprinters have sailed for England to compete with the best of the remarkable short distance men of the world. Many will compete in several races soon after arriving in England in order to get into shape for the England championship, which will be held July 2.

ODDS FAVOR JEFF IN FIGHT AT 10 TO 7

SAN FRANCISCO, Cal., June 9.—The appointment of Tom Corbett as official betting commissioner to handle bets on the coming Jeffries-Johnson fight has resulted in the opening up of the betting with odds at 10 to 7 in favor of Jeffries and little Johnson money in sight.

The belief is prevalent here that the odds will have to go to 2 to 1 before the Johnson followers hazard any of their legal tenders on the negro's chances. A report is current here that negroes in the east have raised a large sum to bet on Johnson, but are holding back for better

odds. Sporting men here believe that if present conditions continue, Jeffries will enter the ring with his followers betting 2 and 3 to 1 on him.

Jeffries last night officially denied there was trouble between himself and Berger but the rumor will not go down. The latest story is that Jeffries is sore over the selection of Tex Rickard to referee the match and it would not surprise fight fans to have Jeffries and Johnson secretly agree upon another man and then ask Rickard to vacate the position.

A fellow never knows what true bewilderment is until he is on his honeymoon and gets lost in the sleeping car.

HAIR WHITE AS SNOW

• Restored to Natural Color with One Bottle of
WYETH'S SAGE AND SULPHUR HAIR RESTORER

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Restorer. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE,
 210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR RESTORER is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR RESTORER will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR RESTORER is guaranteed to do all that it is claimed to do or the price will be refunded.

WON'T INSURE AVIATORS

EASTBURYPORT, Mass., June 9.—Evidence that insurance companies are not to accept the risks on aviators' lives has been revealed here in the case of A. L. Pfizner of Hammondsport, N. Y., who has been making flights at Plum Island. Pfizner was visited by an agent of an insurance company just as he was preparing for a trial of some new skids on a biplane. The company had heard of the narrow escape of Pfizner a few days ago when he crashed to the ground from a height of 30 feet. He was obliged to accept a clause in his policy absolving the insurance company from liability in case of death while engaged in flying machine flights.
